Difference

Doctor Day in Madison includes strong representation by physicians from all specialties and from all regions of the state. The day-long event is a partnership among physician organizations in Wisconsin, including WCMS, that provides a unique

opportunity for physicians from across the state to collaborate and share with policymakers facts and data on timely health care issues.

Since Doctor Day follows the legislative cycle, plans are already underway for Doctor Day 2020, taking place on **Wednesday, January 29, 2020**.
